

Deli Sheets

Tissue-Pac®

Satin-Pac®

Rite-Wrap®

Rite-Wrap Natural™

Glenvale®

Kabnet Wax®

Sheet Structure & Components

Dry waxed tissue with a light wax coating

Poly Film: Provides barrier to contain wetness

Light Weight: Dry wax on white paper offers some moisture and grease resistance (Good strength)

Light Weight: 100% unbleached paper with dry wax offers some moisture and grease resistance (Good strength)

Medium Weight: Dry wax offers some moisture and grease resistance (Better strength)

Heavy Weight: Dry wax offers some moisture and grease resistance (Best strength)
