

FOODSERVICE GLOVES

The oneSAFE™ design makes it easy to grab only one glove at a time. Because the system allows users to touch the glove only at the cuff, the glove's palm and fingers won't come into contact with the user's bare hands.

- Single-glove dispensing system
- Provides higher level of safety to food-service operations
- Help reduce the risk of cross-contamination
- Powder-free vinyl gloves perfect for a variety of tasks
- Efficient use of case space provides reduced footprint and waste
- Formfitting and durable
